The Cave Springs Fire Department responded to 49 incidents in December 2016. 159 man hours were utilized for these incidents. Below is breakdown of incidents by type and location:

	Cave Springs	Elm Springs	County	Mutual Aid
EMS	12	7	4	0
Structure Fire	0	0	0	0
Wild land Fire	0	0	0	0
Fire Other	1	1	0	0
Other	10	1	0	13

The Department held its two regularly scheduled training sessions. Training topics included 26 hours of SCBA and PPE, and 14 hours of driver training. We had 2 personnel assist Springdale Fire Department with a controlled structure burn that they received a total of 8 hours of training for.

Daytime personnel completed hydrant inventory for the county. We will be turning that list in to have information updated. This will give us more accurate hydrant locations in the event of a fire as well as better record keeping.

The Department did receive our new 4 gas monitor. This monitor will be used for Carbon Monoxide detection, explosive atmospheres, as well as protection for our firefighters as not to be subjected to hazardous atmospheres during fireground and HazMat operations.
